

Patient's NHS Data Sharing Information and Preferences – Kingston 4

<p>Kingston GP Chambers & other Local Initiatives</p>	<p>Local Data Sharing with Kingston GP Chambers enables your local NHS Kingston care providers, to view the relevant clinical information about you, when they are treating you in a consultation, and so give you the best possible care. These include Evening, Weekend and Bank Holiday GP services when your surgeries are closed. Its also in the local Specialist Clinics you may be referred to. This data sharing also enables immediate access for your own GP, on treatment and advice you have received elsewhere.</p>	<p>I am happy with and agree to local data sharing <input type="checkbox"/> <i>(No action needed)</i></p> <p>Or I want to:</p> <p>Opt out of local services sharing <input type="checkbox"/> <i>(EMIS sharing consent)</i></p>
<p>Connecting Your Care South West London (Soon to expand to include other London hospitals).</p>	<p>Connecting Your Care is a recently completed Interoperability Project which created a portal to link up all your medical records that are held with Hospitals, Community Care and your GP Practice. This data sharing is only available to the organisations that you are treated by. It is invaluable to clinicians to have access to your full history in one place when they need it. For more information go to: https://www.swlondon.nhs.uk/ourwork/connectingyourcare/</p> <p>If for any reason you would like to find out more or to opt out of the data sharing you should contact the Connecting Your Care Team: Email: connectingyourcare@swlondon.nhs.uk Phone: 0203 668 3100 Post: Freepost – SWL CONNECTING YOUR CARE</p>	
<p>Summary Care Record <i>also known as</i></p> <p style="text-align: center;">SCR</p>  <p>National Initiative</p>	<p>Having a basic Summary Care Record - SCR, enables health care providers, to view your</p> <ul style="list-style-type: none"> • medication (last 12m) • bad reactions to medicines • allergies <p>when you're admitted to hospital, or when treating you in an emergency, around the country.</p> <p>Additional Information SCR</p> <p>Having this allows for more details of your significant medical history and specialist needs, to be included in your SCR. This is particularly important, if you have long term conditions, or have specialist needs or instructions for your care. It can also include next of kin details. The SCR is used by hospitals and ambulance services around the country.</p> <p>https://digital.nhs.uk/services/summary-care-records-scr/summary-care-records-scr-information-for-patients</p>	<p>I want to have a Summary Care Record. <input type="checkbox"/> <i>(No action needed unless opted out before)</i></p> <p>I want a Summary Care Record with medication, allergies, and Additional Information <input type="checkbox"/> <i>(Emis sharing SCR)</i></p> <p>I do not want to have a Summary Care Record. <input type="checkbox"/> <i>(Emis sharing SCR)</i></p>
<p>National Initiative</p> <p>National NHS Data</p> <p><i>Data required for general medical research and NHS management, but <u>not</u> related to providing you with direct care.</i></p>	<p>Research and planning</p> <p>Confidential patient information might also be used to plan and improve health and care services, research and develop cures for serious illnesses</p> <p>Your choice</p> <p>You can stop your confidential patient information being used for research and planning. If you're happy with your confidential patient information being used for research and planning, you do not need to do anything. Any choice you make will not impact your individual care. See nhs website for more information: https://www.nhs.uk/your-nhs-data-matters/manage-your-choice/</p> <p><i>(This replaced the care data opt out code 9Nu0, in March 2018. (SNOMED - Dissent from secondary use of GP patient identifiable data) The current opt outs will be respected until 2020 by which time they should be replaced by the new 'online' or 'phone in' version for you the patient to update Tel: 0300 303 5678 or visit the website above)</i></p>
